

# Neurodivergent. Empowered

Neuro-affirming support, in person and online

FAQ  
2

## FAQ: How is the hourly rate applied?

Capped per-participant pricing in a shared environment.

### 1. CAPPED PARTICIPANT RATE

Pricing is structured as a capped per-participant hourly rate for individualised interest-based support delivered in a shared environment.

Predictable cost. High-support model.

### 2. STANDARD RATES

- ✓ Weekday supports: \$45 per participant, per hour
- ✓ Weekend / higher-resource supports: \$55 per participant, per hour
- ✓ Over 18 standard rates: \$35 per participant, per hour
- ✓ Shared-environment support
- ✓ Agreed capped pricing
- ✓ Below the relevant NDIS price limits

Accessible, transparent pricing.

### 3. WHAT THE RATE REFLECTS

Participants receive structured, goal-aligned disability support delivered in a shared setting. Support is designed to build capacity, strengthen communication and regulation, and enable safe, meaningful participation in line with each participant's individual needs and NDIS goals.

high staffing

preparation

adaptation

regulation support

communication support

meaningful participation

The capped rate keeps costs predictable while allowing the staffing, preparation, adaptation and support needed for safe, successful engagement.

Support built around the person.
